MHRC Clubs Giving Back

Columbia Camaro Club has a Busy Year

This year the Columbia River Camaro Club had a very successful year. We hosted a Father's Day car show, and other fundraisers. Our membership is also up.

This all led us to exceed our budget expectations. Being a non-profit organization, we asked the membership what to do with the excess funds. We took a vote and it was unanimous to give it to charities. We then asked for the membership to bring back their charity of choice, and we would vote for the top three. Knowing that it was back to school time, our first charity was to help underprivileged children with school clothes. Since our membership is on both sides of the

Columbia River, we split the coffer to help students on both sides. We asked the Beaverton School Dist.

to have their teachers supply us with the kids in the most need. We got 21 students from 3 middle schools to meet us at the Payless Shoe Source at the Tanasbourne Mall. We had some members help with the fitting of all of the kids in new shoes and a bag of socks. There were some sad stories. One girl got her very first pair of new shoes, she had always had hand me downs. One boy wanted to give his pair to his brother. We found out that he had a twin with cerebral palsy. We bought both a pair. I'm not sure who benefitted more, our members, or the students. I was very heartwarming for our members, and the

students were very appreciative.

The Vancouver School District

does charity things differently. They don't give out individual students names, but go through

the Foundation for Vancouver Public Schools. We approached the foundation, and told them what we had done in Beaverton. They suggested that we buy random size shoes and they would distribute them for us. They also told us they really had a dire need for socks and underwear. Everyday, a K-12 child shows up somewhere in the district lacking socks or undergarments. We went to Target and bought out their sock and underwear supply. We then delivered these to the foundation to distribute to the students in need.

I personally am very proud of the Columbia River Camaro Club members for being generous, and giving spirited. It would have been easy to just buy our Christmas party or save the money for harder times. It feels good to give back to the community that needs it. I'm also grateful to the hot rod and biker communities for the support of our shows and fundraisers. That is what makes all of this possible. We get to show off our hobby, and benefit the community.

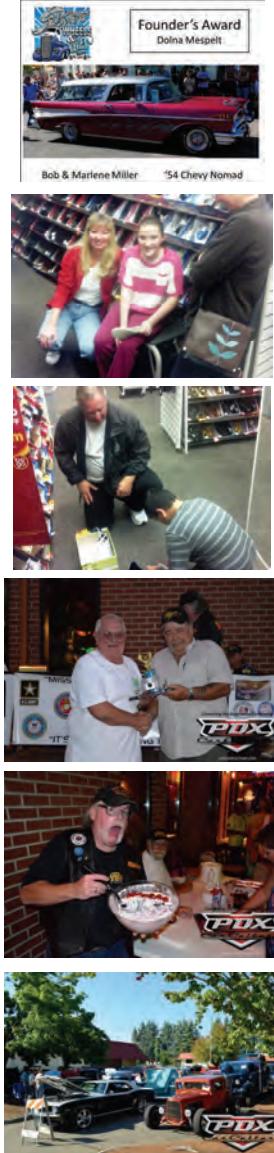

Stay tuned for more charity updates!

From Your Multnomah Hot Rod Council President - Mike Itel

What a summer, I cannot be more proud of the amount of events that were hosted by our own MHRC Clubs. We are also pleased to announce that the Board voted to once again offer MHRC jackets to our members. The Council will cover one half of the cost of the jackets. Duane is getting a samples, and we will start taking orders soon. In addition Mike Conn is working on a cruise-in point system for MHRC clubs, that will award both a club and an individual for extraordinary event participation at an Awards Ceremony at the end of the season. The hope will be to promote MHRC Club events to all of our members.

The Pharaohs Endless Summer Cruise-In's at Billy Bobs have exceeded expectations, with an overflow of cars each Wednesday.

Congratulations on a great job. The Beaches Cruise-ins at PIR had overwhelming support all summer long in the name of charity. The MHRC was the featured club on September 25th, the last evening of the Beaches Cruise-ins. We appreciated all that came out and supported the MHRC. The weather was great September 6, 7, and 8th, as I attended the Seaside Wheels and Waves event along with Bob and Marlene Miller. The event featured cars from 1962 and older, and boasted close to 300 cars.

Bob and Marlene Miller received an Award for the beautiful 1957 Chevrolet Nomad. Congratulations Bob and Marlene. While the Seaside event was going on Duane Caseday was attending the End of the World event in Long Beach WA, which had 750 cars registered and another estimated 500

cars in attendance. Candy Clark was the celebrity guest at the event and according to Duane the event was a success.

Now that the summer cruise-in season has wound down, our focus switches to the 2014 Portland Roadster Show. We will be flying to the SEMA show in early November to secure sponsors and possible celebrity

guests for the show. I cannot begin to thank all of you enough for your support of MHRC club events, and for your continued support of the Multnomah Hot Rod Council and Portland Roadster Show. Let's make 2014 even greater!

Mike

Rose City Classics 10th Annual Woodland Planters Day Cruise In

This year's Rose City Classic's charity cruise was a huge success! The weather was just perfect for the whole weekend. It brought out a record number of cars and owners. What a way to spend Father's Day!

Planters Day started with a parade on Saturday, with Rose City Classics having 10 convertibles, carrying all of the local dignitaries, and the Princesses and Queen.

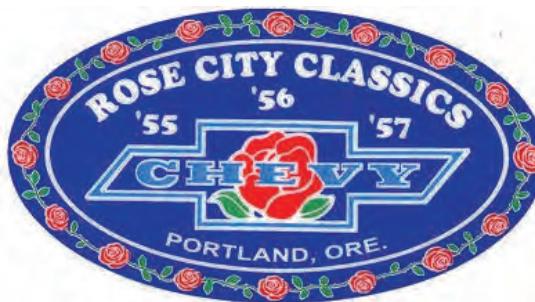

Later in the evening, we did a cruise through downtown Woodland with 208 vehicles participating. The cruisers made donations to our 2013 chosen charity, De LaSalle High School.

De LaSalle is a private high school for students from low income families in the Portland area. Their emphasis is on college prep curriculum. All students do an internship in local businesses in the Portland area prior to graduation.

The school's rate of successful college bound students is impressive.

Sunday was the big day, with 354 registered vehicles. Proceeds from registration, raffles, 50/50, and trophy sponsorships will all go to the De LaSalle High School charity.

This is the 10th year Rose City Classics has hosted the Woodland Planters Day Car Show, and we have raised over \$187,000 for 10 different Northwest nonprofit organizations in that time.

Our 2014 charity will be Dove Lewis Animal Hospital. Mark your calendars for the Saturday night cruise June 21st, and the Downtown Car Show on June 22nd.

Pharaohs Donate to Veterans Charities

attendance at their weekly Endless Summer Cruise-In, and making donations to Veteran's related charities.

Representatives from the Missing in America Project (MIAP) were on hand to receive a check for \$2500. For the second year in a row, the Pharaohs were able to present the MIAP with the entire net proceeds from their annual MIAP Benefit Cruise-In, held in July. The MIAP, which is the Pharaohs primary mission, works to locate, identify, and inter the unclaimed cremains of our Veterans. Many of these remains are left sitting on the shelves of funeral homes and hospitals across the country. To date the MIAP has interred the cremains of over 1700 Veterans.

The other group that was a beneficiary of a donation was the Lines for Life. The Pharaohs were introduced to the group by Miss Oregon 2012 Nichole Mead. Nichole became

The Pharaohs Street Rodders commemorated the anniversary of Sept. 11th by honoring the Veterans in

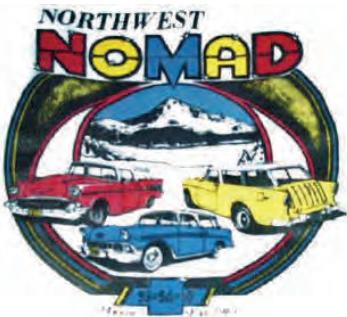

involved with the group after recognizing the great work they were doing with Veterans like her brother, who

suffers from PTSD. Oregon's suicide rate among Veteran's is 37% higher than the national average. Tom Parke was on hand to accept donations totaling \$2120. Parker shared the variety of services the group offers to Veteran's and their families. The money will help them to get additional volunteers, mostly Veteran's, trained and on the phones to be able to help those in need.

The Pharaohs had special commemorative dash plaques that were given to each Veteran and first responder as they registered, and the balance were available to the other participants for a monetary donation of their choice. Then all of the Veteran's and first responders were invited to come up for special recognition from the group.

Canby Swap Meet 2013

In it's 38th year, this event is hosted by the NW Nomads with the assistance of the Associated Fords of the 50's and the Rose City Street Rods.

Dry weather greeted the event and it's participants, and there were a lot of auto related items to choose from. Attendance figures were not yet available, but it was estimated that there were over 800 cars in the parking lot!
